PROVIDING THE SUPPLIES YOU NEED FOR YOUR PASTURE-BASED DAIRY.

THAT’S MORE COOPERATIVE.
MORE SERVICES. MORE POSSIBILITIES. MORE OPPORTUNITIES.

When you choose Dairy Farmers of America (DFA), you are choosing a cooperative that works to meet your needs today and helps you prepare for whatever tomorrow brings your way. One way we do this is through Farm Services.

Two of our Farm Services, DFA Grazing and DFA Farm Supplies, have teamed up with grazing industry leaders to bring you high-quality products to use on your pasture-based dairy operations every day to prove what we mean when we say: More Cooperative.

To learn more about DFA Farm Services, contact your local field representative or visit www.dfamilk.com.

DFA GRAZING CONSULTING

You know controlling the rising cost of production will drive farm profitability. Let us show you how intensive grazing management can secure a sustainable future for your farm and family.

DFA Grazing consultants can help you with:
- Maximizing pasture production and utilization
- Feed budgeting
- System analysis for best use of supplements
- Financial budgets, analysis and monitoring
- Identifying goals and setting targets to achieve them
- New farm feasibility studies
- Labor and sharemilker contract agreements

To learn more about how a DFA Grazing consultant can help you, call 816-801-6392 or visit www.dfagrazing.com.

DFA GRAZING PREFERRED VENDORS

DFA Grazing has partnered with industry leaders to provide products and services to help you succeed today and in the future. Products shown in this catalog with the DFA Grazing logo are provided through our preferred vendors.

Gallagher
Gallagher Animal Management Systems is known around the world as the electric fence technology leader. Their products are featured on pages five through 11.

Barenbrug USA
Barenbrug USA is an Oregon-based grass seed company with more than 100 years of plant breeding experience. Barenbrug sells forage seed through a wholesale distribution network across the United States.

Duncan Ag
Duncan Ag is a specialist supplier of the highest quality farm machinery from New Zealand. Duncan specializes in tough seed drills for forage establishment.

JDJ Solutions
JDJ Solutions is an importer of fine quality products, primarily from New Zealand. Their products are featured in this catalog and distributed throughout North America at farm stores, as well as through DFA Farm Supplies.

LIC
As specialists in dairy genetics and dairy grazing technologies, LIC is committed to giving U.S. dairy producers the right tools for the right results.

Valent U.S.A.
Valent U.S.A. Corporation is a leading crop protection firm serving the agricultural and non-crop products markets in North America.
FENCING

Products in this section are provided by Gallagher.

In business since 1938, Gallagher takes great pride in the products and technology they have developed for the management and control of all types of animals.

POWERPLUS 110-VOLT ENERGIZERS

M1000 (G382504)
- 110 volt
- Powers up to 250 acres/34 miles of multi-wire permanent fence
- Stored energy: 10 joules
- Quickscan Output Voltage bar graph: Shows output voltage of the energizer at a glance and gives a digital output reading
- Ideally suited for large pastures

M600 (G381504)
- 110 volt
- Powers up to 150 acres/25 miles of multi-wire permanent fence
- Stored energy: 6 joules
- Quickscan Output Voltage bar graph: Shows output voltage of the energizer at a glance
- Ideally suited for medium pastures

M300 (G380504)
- 110 volt
- Powers up to 85 acres/17 miles of multi-wire permanent fence
- Stored energy: 3 joules
- Quickscan Output Voltage bar graph: Shows output voltage of the energizer at a glance
- Ideally suited for small pastures

M1800 (G314504)
- 110 volt
- Powers up to 420 acres/42 miles of multi-wire permanent fence
- Stored energy: 18 joules
- Green indicator light flashes when the energizer is working properly
- Red indicator light flashes with each pulse at approximately 2,000 volts and above
- Built-in lightning protection

Wrangler (G330414)
- 110 volt
- Powers up to 30 acres/6 miles of multi-wire permanent fence
- Stored energy: 1 joule
- Green indicator light flashes when the energizer is working properly
BATTERY AND SOLAR-POWERED ENERGIZERS

**B60 (G351504)**
- 12 volt
- Powers up to 40 acres/5 miles of multi-wire permanent fence
- Stored energy: 0.6 joules
- Use with a 12-volt, deep-cycle battery; battery not included
- Compatible with 5-watt solar panel

**B100 Solar (G393SK)**
- 12 volt
- Powers up to 90 acres/15 miles of multi-wire permanent fence
- Stored energy: 1.45 joules
- Comfortable carrying handle for easy transportation
- Highly visible low-battery and fence-voltage indicator lights
- Fully modular
- Weatherproof enclosure to contain battery; battery not included
- 11-watt solar panel included

**B200 Solar (G393SK)**
- 12 volt
- Powers up to 60 acres/7 miles of multi-wire permanent fence
- Stored energy: 0.8 joules
- Comfortable carrying handle for easy transportation
- Highly visible low-battery and fence-voltage indicator lights
- Fully modular
- Weatherproof enclosure to contain battery; battery not included
- 5-watt solar panel included

**S17 Solar (G344404)**
- 6 volt
- Powers up to 10 acres/1 mile of multi-wire permanent fence
- Stored energy: 0.17 joules
- Built-in solar panel charges battery even on cloudy days
- Large terminals enable correct grounding for best energizer performance
- Fits on top of steel T-post
- High-impact, UV-resistant, weatherproof, rust-proof and insect-proof plastic case for outdoor use
- Maintenance-free rechargeable battery included

**Miscellaneous Equipment**

**Warning Sign (G602404)**
- Highly visible warning sign
- Alerts pedestrians to electric fence

**Fault Finder (G50900)**
- Current meter, digital volt meter and fault finding tool in one
- Water and impact-resistant case
- Easy-to-read LCD display
- Can be used on all energizer types

**FENCING ACCESSORIES**
Fence Testers

Digital Volt Meter (G503014)
- Monitors fence voltage and helps trace fence line shorts

Permanent Fencing Accessories

XL Aluminum Wire
- This user-friendly wire is easy to install and carries a lifetime guarantee against rust
- Conducts electricity four times better than steel wire
- Aluminum is one-third the weight of steel
- Greater flexibility; can be hand twisted and tied without the use of special tools
- Easy to respool and ideal for controlled grazing
- 14 gauge, 1,320 feet (¼ mile) (AXL141320)
  12.5 gauge, 1,320 feet (¼ mile) (AXL121320)

GROUNDING EQUIPMENT

Complete 3-Ground Rod Kit (A655)
- Three 6-foot galvanized rods
- Heavy-duty clamps
- 50 feet of 12-gauge galvanized wire
- Galvanized 6-foot Ground Rod also available separately

Galvanized Ground Rod Clamp (352HD)
- Use to secure wire to the ground

Joint Clamp (L Shape) (G603034)
- Ensures good electrical connections
- For multi-wire use
- Galvanized
- Dropped shoulder enables easy placement on wire

Joint Clamp Standard (G603554)
- Ensures good electrical connections for up to four wires
- Galvanized

Lightning Diverter (G64800)
- Helps protect the energizer from lightning damage
WIRE TIGHTENERS AND HANDLES

In-Line Strainer (G79504)
- Cliplock operates with a smooth clicking action in any position
- In-Line Strainer Handle (G69530) tool required; tool not included
- Galvanized steel
- Works on high-tensile, barbed and woven wire

In-Line Strainer Handle (G69530)
- Universal tool which fits most common brands of in-line strainers
- Self-ratcheting for easier and faster use

HD Tension Spring (290)
- For permanent fences where stock pressure requires a flexible fence
- Also for tensioning short lengths of fence

Termination Kit (G618004)
- Insulated wire strainer with pre-attached wire rope
- Fits up to 7½-inch posts
- No wire tying or special tools needed

Permanent Wire Tightener (G643044)
- Strong, lightweight, permanent wire strainer
- Works on high-tensile, barbed and woven wire

Wire-Tightener Handle (644)
- Use with the Permanent Wire Tightener (G643044)

Rapid Wire-Tightening Tool (G645004)
- For use with the Permanent Wire Tightener (G643044)
- Hooks on wire
- Self-ratcheting

WIRE, TAPE AND CABLE

PolyWire
- Ideal for portable electric fences
- Ultra white for high visibility and better animal control
- UV-stabilized for longer life
- Six stainless steel wires for good conductivity
- Best suited for distances under ¼ mile
- Combo Roll 1,320 feet + 300 feet (G620300)
- Single Roll 656 feet (¼ mile) (G620044)

Turbo Wire
- Nine mixed-metal strands
- 40 times more conductive than standard PolyWire
- UV-stabilized and strong for longer life
- Ultra white, clearly visible to animals
- Best suited to distances more than ¼ mile where extreme power is required
- 2,624 feet (½ mile) (G62089)
- 1,312 feet (¼ mile) (G620564)
- 656 feet (¼ mile) (G620544)
WIRE, TAPE AND CABLE, CONTINUED

1/2 inch Turbo Tape (G623544)
- 656 feet (1/4 mile)
- Ideal for semi-permanent and portable electric fences
- Ultra white for high visibility and better animal control
- Patented mixed-metal wires interconnected every 8 inches for maximum conductivity
- 30 times more conductive than standard Polytape
- Best suited for distances greater than 1/4 mile

Double Insulated Underground Cable
- 12.5-gauge steel
- Ideal for standard leadouts and under gate cabling
- 65 feet (G627014)
- 330 feet (G627034)

PORTABLE FENCING ACCESSORIES

Geared Medium Reel (G611504)
- 1/2-mile PolyWire capacity
- 1/4-mile TurboWire capacity
- Reel guard keeps PolyWire on reel for easier rolling and unrolling
- Free Insul-Grip gate handle included
- Geared Maxi Reel (G631504) also available

HD Treadin Post (G636054)
- UV-stabilized plastic treadins with up to 12 lugs for positioning wires and tape to control domestic and wild animals
- Simply step into the ground
- Secures PolyWire or PolyTape up to 1 1/2 inches wide
- Uniquely designed lugs for positive holding and quick release of PolyWire or PolyTape
- Highly visible white
- 42 inches high (including spike)
- Recommended to use two treadins for a stable corner

Econo Reel (G616004)
- 1/4-mile PolyWire capacity
- 1/4-mile TurboWire capacity

Lightweight Pigtail Step-In Post (G64219)
- Lightweight, strong spring steel
- UV stabilized plastic for effective insulation
- Ultra white insulation and coating with bright orange top for maximum visibility and easy location
- Robot-welded, 28-inch pointed foot for easy installation
- Plastic insulation has sealed end for weather resistance
- 42 inches high (including spike)
- Recommended to use two treadins for a stable corner
GATES AND EQUIPMENT

**Insul-Grip (G606304)**
- Insulated hook for quick and secure attachment of portable power fences

**Cut-Off Switch (G60733)**
- Enables a section of fence to be switched off for maintenance
- Designed for today's high-powered energizers
- Positive on/off action
- Screw onto post (two screws included)

**Knife Cut-Off Switch (G610)**
- Use at gates for easy location of fault finding
- Switch off a section of fence for maintenance and routine checks

**HD Gate Handle (G639304)**
- Insulated handle
- Large protective shields
- Galvanized, non-turning hook
- Flat hook for maximum electrical contact
- Heavy-duty tension spring

**High Visibility Spring Gate (G640104)**
- Highly visible electrified gate with insulated gate handle
- Spans 16½ feet

**Bungee Gate (G640504)**
- Highly visible shock cord that stretches from 11½ to 23 feet

**Econo Gate Handle (G691104)**
- Insulated handle
- Large protective shields
- Galvanized, non-turning hook
- Heavy-duty tension spring

**Batt-Latch Gate Release Timer (BAT)** (Product provided by Jenquip)
- Easy-to-read display
- Set up to four release timers
- Noise of spring gate alerts livestock that the gate is open

INSULATORS

**Equi Pinlock Wooden Post Insulator (G626044)**
- Extra-large shield eliminates power leakage through tracking
- Accommodates EquiFence and braid products
- 25 pack
- 10-year warranty

**T-Post Universal Insulator (G682134)**
- Fits all T-posts from 1¼ to 1½ inches
- Snap-on design is simple to install without tools
- Pinlock design allows for easy fence construction and wire removal
- Wide jaw design to accommodate EquiFence and braid products
- Sturdy pin for superior wire retention
- 20 pack
- 10-year warranty

**Wooden Post Claw Insulator (G673044)**
- Used with high-tensile wire
- Superior-strength insulator
- 25 pack
- 10-year warranty
- Black color
INSULATORS, CONTINUED

**Pinlock Wooden Post Insulator (G687044)**
- Used with high-tensile wire
- 25 pack
- 10-year warranty
- Also available in white

**12-inch Offset with Pinlock Insulator (G659054)**
- Preassembled
- Attaches to any existing wire fence
- Brackets made from galvanized spring steel
- 10 pack
- Black color

---

**RISING PLATE METERS**

Products in this section are provided by Jenquip, which exists to provide unique and quality products and services to its agricultural clientele.

**Filips Folding Plate Pasture Meter (JENQUIP M)**
- Used for measuring the amount of pasture in your paddocks
- Rising plate principle allows the meter to measure the average height of pasture, allowing for variations in pasture density
- Readings convert to an amount of dry matter, ready for use in feed budgeting
- Easy to store and carry
- Simple and reliable usage, works well in any condition
- Exceptional accuracy
- Measures zero–10 inches pasture height

**Filips Folding Plate Pasture Meter with Electronic Counter (JENQUIP M+E)**
- The Electronic Plate Counter simplifies use of the Rising Plate Meter, automatically recording each reading and instantly displaying results
- Retains records even when switched off
- Reliable and simple to use
- All-weather notebook included to write down records, even in the rain
- Supplied with free computer software
- Includes carry bag

**Electronic Counter (JENQUIP FW-EC)**
- Sold separately
TROUGH VALVES AND CALF, STALLION & MISC. FEEDERS

Products in this section are provided by JDJ Solutions, an importer of fine quality products, primarily from New Zealand, specializing in trough valves and farm paint products.

JOBE BRAND TROUGH VALVES

**Megaflow Valve**
- High flow for stock tanks
- Mounts under water
- ¾ inch (J-MFV20DLT)
- 1 inch (J-MFV1"D)
- 1¾ inch (J-MFV1-¾"D)

**Rojo Valve**
- Low flow for stock tanks
- Mounts under water or above
- ½ inch (J-RJV15)
- ¾ inch (J-RJV20)

**Topaz Valve**
- High flow for stock tanks
- Mounts under water or above
- ¾ inch (J-TPV20DLT)
- 1 inch (J-TPV1"D)
- 1¾ inch (J-TPV1-¾"D)

**Topaz Differential Valve**
- High flow for storage tanks
- Allows water level to drop before refilling
- Great for use in plate cooler and return tanks
- ¾ inch (J-TPVD20DLT)
- 1 inch (J-TPVD1"DLT)
- 1¾ inch (J-TPVD1-¾"DLT)

**Dynamint Udder Cream**
- Helps prevent udder edema, mastitis and infection
- Delivers essential oils
- Contains antibacterial and conditioning properties
- 1 gallon
- Available in green and white

**PT Threaded**
- Hole in the back allows a ¾-inch hose to be inserted for tube (or barrel style) feeding
- Screws into feeders
- Black features added carbon, giving them UV protection and enabling them to last longer in the sun
- Pink (PT-ThreadedPink)
- Black (PT-ThreadedBlack)

**PT PullThrough**
- Teats without thread for pulling through feeders
- Black has tapered back for use with Milk Bar feeders and more
- Black (PT-BlackPull)
PT Nurser (PT-Nurser)
- Standard straight bottle
- Vent hole in cap and in the bottom of the bottle to allow for airflow
- Peach Teat® cap included

Single Calf Bucket-Reversible (SK1)
- Bucket has Peach Teat® nipple screwed into the bottom to simulate natural feeding
- Molded hanger is wide enough to accommodate a 2x6-style rail
- Teat openings on front and back
- 6-quart capacity

3 Teat Calf Feeder (PT3)
- Comes with three Peach Teat® brand nipples that pull through the bucket and three EZ Fit Adapters
- Inside cutout allows milk to flow easily to the teat
- Includes two adjustable metal brackets for mounting on a rail or fence
- 4.5 gallons

PT Hand Held Nurser (PT-HandHeldNurser)
- Peach Teat® bottle with a unique shape and molded handle
- Easy to hold and handle
- Peach Teat® cap included

Single Calf Bucket-Not Reversible (PT1)
- Bucket has Peach Teat® nipple screwed into the bottom to simulate natural feeding
- Molded hanger for a wire fence
- 6-quart capacity

5 Teat Calf Feeder (PT5)
- Comes with five Peach Teat® brand nipples that pull through the bucket and five EZ Fit Adapters
- Large opening for easy cleaning
- Durable and UV protected
- Mounts on a rail or fence with two adjustable, metal brackets
- 8 gallons
PEST CONTROL

Prozap E-ZE Oiler (80041610193)
- Highly effective, economical delivery device for use with Prozap Backrubber and Pour-On products
- 3.5-gallon tank capacity
- Superior wicking characteristics

Starbar Bite Free™ Stable Fly Trap (80072605363)
- Economical and easy to use
- Contains no insecticides
- Holds several thousand flies
- Weather-proof adhesive

Prozap Insectrin 1 percent Pour-On Xtra
- Ready to use
- Contains 1 percent Permethrin and 1 percent PBO
- 1 gallon (80043500350)
- Also available in 55-gallon drums on request

Mr. Sticky Roll Fly Trap System Deluxe
- Reel-to-reel, refillable sticky tape system
- Takes advantage of the natural tendencies of flies
- No toxins or pheromones
- 600 feet (800714007)
- 1,000 feet (80046900206023)

Prozap CT-75 Dairy Aerosol Can (80051615097)
- 26 ounce

Prozap Dairy Cattle Spray
- On-animal spray, space spray or fog
- 2.5 gallon (80041600058)

Prozap LD-44Z Insect Fogger (80043553510)
- For use in barns, milk parlors and other buildings
- 20 ounce

Prozap Zipcide Dust Bags (8004001)
- For use with item above
Calf Care

DFA Farm Supplies Milk Replacer
Having a quality milk replacer on hand is important for a dairy, especially during the winter months.

Our calf milk replacer is formulated:
- With human-grade, edible fat and quality milk protein, homogenized for easy digestion
- To meet or exceed the nutrient requirements for calves as established by the National Research Council recommendations
- With trace minerals, which play a critical role in developing strong, healthy calves by minimizing the impact of stress and disease challenges while also improving overall calf performance

DFA Farm Supplies Milk Replacer
Top-quality, human-grade milk protein and edible fats combine to make a maximum performance product.
- 20/20 all milk non-medicated (10070081)
- 22/20 all milk non-medicated (10070082)
- Other formulations are available

Colostrum Plus Replacer
Made with true bovine colostrum
- Delivers 100 grams bovine IgG
- One dose of *E. coli* antibody
- Full colostrum replacer for neonatal beef and dairy calves
- All natural and antibiotic free
- 12 doses per case

First Colostrum Supplement
Made with true bovine colostrum
- Delivers 50 grams bovine IgG
- One dose of *E. coli* antibody
- All natural and antibiotic free
- Easy to mix and feed
- 12 doses per case

DFA Farm Supplies Milk Replacer with ClariFly® Larvicide
- 20/20 all milk with Bovatec, Biomos and ClariFly®
- (1007001)
- 22/20 all milk with Bovatec, Biomos and ClariFly®
- (10070033)
**Blue Ribbon Calf Electrolytes**  
*(800432940001)*  
- Specifically designed for calves as a supplemental source of electrolytes and nutrients  
- Highly palatable  
- Contains specifically designed direct-fed microbials at a guaranteed analysis  
- Contains inulin and glutamine for intestinal health  
- 25-pound pail  
- Call for price and product numbers

**Merricks 2-Quart Calf Bottles and Nipples**  
*(500225083)*  
- 6 pack  
- Offers strength and easy clean up  
- Patented air release valve for proper milk flow  
- Nipples are specially treated to promote ease of use

**Calf Blankets**  
- Quilt-lined, washable and water-resistant with adjustable straps  
- Sizes: Small, medium and large  
- Colors: Blue or black  
- Call for price and product numbers

**Caf-Cart (5004800200)**  
- Pivot action design allows cart to be lowered for easy loading  
- 300-pound carrying capacity  
- Built with galvanized steel side panels to allow for years of use  
- 6-inch ground clearance and ball bearing wheels move easily over rough or uneven ground  
- Standard 36-inch tires

**Sky-High Energy Electrolyte Vitamin & Fiber Nutrient (8003000017)**  
- Electrolyte vitamin and fiber nutrient  
- Non-medicated replacement therapy to correct dehydration  
- Provides extra energy and vitamins  
- Creates a gel when mixed, making ingredients more available and easily absorbed  
- Single case of 72 packs  
- 25-pound bag
**HERD HEALTH TESTING PROGRAMS**

**Testing Products from API**
Maintain the health of your herd by detecting persistently infected animals easily and affordably.
- Testing supplies offered in convenient kits of various sizes to suit your needs
- Results within two days after samples arrive at lab
- Bovine viral diarrhea (BVD), Johne’s Disease and Bovine Leukemia Virus (BLV) tests are available
- All three tests can be run on a single sample

**Bulk Milk Test Kit (for BVD, Johne’s and BLV) (80030141)**
- Each kit contains four milk sample tubes, ice pack, insulated pouch, pre-paid shipping box, instructions, DFA Farm Supplies client submission form and sample ID list form

**BVD Ear Notch Kit**
- Available in kits of 25, 50 or 100 sample tubes
- Each kit contains sample tubes, ice pack, insulated pouch, pre-paid shipping box, instructions, DFA Farm Supplies client submission form and sample ID list form
- 25-tube kit (80030143)
- Call for item number and pricing on 50- and 100-tube kits

**BLV or Johne’s Serum or Milk Test Kit**
- Available in kits of 10 or 100 sample tubes
- Each kit contains sample tubes, ice pack, insulated pouch, pre-paid shipping box, instructions, DFA Farm Supplies client submission form and sample ID list form
- Call for item number and pricing

---

**EAR TAGS**

**Destron Fearing™**

These and other Duflex Ear Tag identification options are available to best suit your needs.

**Duflex® Cattle Ear Tags**
- Bright, durable panels with proven high retention rates
- Available in yellow, white, orange and other colors
- Blank, numbered and custom tags available
- Available in large, XL and extended sizes
- Sold in packs of 25
- Call for item number and price
## LEG BANDS

### Plastic Multi-Loc Leg Band (2731)
- Made of flexible plastic measuring 1½ inch x 13½ inch
- Easy to apply
- Reusable bands are not affected by hot or cold weather
- Available in a variety of colors

### Velcro® Flagger Leg Band (2731VEL)
- Sold in packs of 10
- Ideal for temporarily marking cows
- Made of tough nylon with Velcro®
- Size 1½ inch x 12 inch
- Available in a variety of colors

## DRY COW TREATMENT

### ToMORROW® Dry Cow Treatment
- Cephapirin benzathine
- Provides bactericidal levels of cephapirin for a prolonged period of time
- Labeled for dry periods as short as 30 days
- 72-hour milk withdrawal and 42-day slaughter withdrawal
- 144-count pail (80043044162)
- 12-count box (80033044169)

### Orbenin®-DC Intramammary Infusion (Rx) (80010018)
- Benzathine cloxacillin
- Manufactured by Intervet/Schering-Plough Animal Health
- Broad spectrum of activity: Streptococcus agalactiae, S. aureus and B-lactamase Staph
- 28-day milk and slaughter withhold

### Dry-Clox® Intramammary Infusion (Rx) (80010070)
- Active ingredient cloxacillin benzathine
- Active against penicillin-resistant strains of Staphylococcus aureus
- Prolonged activity due to low solubility of the cloxacillin benzathine and to the slow-release oil-gel base
- 30-day milk and slaughter withhold

### Orbeseal® Teat Sealant (80046008169)
- 4 gram x 144 pail
- Mimics the cow’s natural first line of defense, the keratin plug
- Provides a safe, physical barrier between the cow and the environment
- Teat canal seal is created immediately after infusion and is maintained throughout dry cow period (demonstrated 100-day duration)
For some operations, pasture-based dairying is a viable option to reduce costs and increase profits. DFA Grazing has the tools and expertise to help you achieve production goals, reach peak performance and create a more sustainable future for your operation.

For more information, call 816-801-6392 or visit www.dfagrazing.com.

Managing costs is a necessity for every dairy. DFA Farm Supplies offers a full line of products at the right price and convenient service. Purchasing programs, direct delivery and access to well-known brands ensure that DFA members can better manage inputs for their operation.

For more information, contact DFA Farm Supplies at 1-866-591-2925 or visit www.dfafarmsupplies.com.
